

TUITION PAYMENTS. SIMPLE. FAST. SECURE.

PrismaPay is the way for international students to pay tuition at Belarusian universities — straight from a foreign bank card.

PAYING FROM ABROAD USED TO BE HARD

Before PrismaPay, international students and their families ran into the same obstacles again and again.

THE OLD WAY

Cash withdrawal limits and weak exchange rates eat into every payment.

Bank transfers get delayed, capped, or blocked outright.

Manual entry of account details risks costly, hard-to-fix mistakes.

WITH PRISMAPAY

Pay tuition directly with any foreign Mastercard, or UnionPay card.

Instant confirmation for both the student and the university.

A fully automated checkout — no manual bank details, no errors.

INTRODUCING PRISMAPAY

A payment service that connects international card acquiring with Belarus's ERIP settlement network — turning a foreign card payment into a verified, same-day tuition payment for any university.

Foreign cards accepted

Mastercard, and UnionPay from any country.

Instant confirmation

Both the student and the university see the payment immediately.

PCI DSS-secure

Bank-grade encryption on every single transaction.

Developed by PrismaPay — a Hi-Tech Park resident and licensed payment provider registered with the National Bank of the Republic of Belarus.

ZERO SETUP FOR UNIVERSITIES

No integration. No developers. No system changes on the university side — PrismaPay works from day one.

The only thing a university needs to do:

Share pay.prismapay.by with students

1

Announce the address

Verbally, by email, or in your payment instructions — however you already reach students.

2

Student pays with their card

Any foreign Mastercard, or UnionPay card, from anywhere in the world.

3

Funds arrive as usual

Confirmed instantly and settled the same way you already work — through ERIP.

BUILT FOR EVERY BELARUSIAN UNIVERSITY

100%

of higher-education institutions
in Belarus are already
registered on PrismaPay

*Every student, at every university, can
pay the same way.*
